

Gardening Study Programme

This course would suit you if you enjoy gardening, but don't have any previous experience.

Introduction

The Level 1 Study Programme is an exciting and practical course for young people who enjoy gardening and wanting to work in outdoor jobs, but don't have any previous experience. This qualification can lead to job satisfaction and an exciting career.

About the course

The course is very practical and you will spend your time developing gardening skills such as how to use tools and how to prepare the ground for planting flowers and vegetables. You will also increase your knowledge as you build up a portfolio of evidence towards your Level 1 Diploma.

The Level 1 Study Programme is also available in Land based Operations where you will learn practical skills and knowledge in aspects of animal care, gardening, farming and environmental conservation

What units will I study?

- Propagating plants
- Seed sowing
- Growing plants and/ or vegetables
- Using equipment
- Health and Safety
- Maintaining grass surfaces

What qualification will I gain?

Level 1 Diploma in Horticulture
